ABOUT AZURE SECURITY COURSE

HB Services provides best training for Azure Security in Chennai with placements. This course provides a huge knowledge how to be a subject matter expertise implementing Azure security controls that protect identity, access, data, applications, and networks in cloud and hybrid environments as part of an end-to-end infrastructure. First let us know what Azure is.

WHAT IS AZURE?

Microsoft is a cloud computing service created by Microsoft for building, testing, deploying, and managing applications and services through a global network of Microsoft-managed data centers. Microsoft Azure Certification play an important part of IT professional's career in Cloud. Job Opportunities in Azure Cloud is increasing day by day.

This is an open cloud platform addresses business problems and solutions using Microsoft products and allows the customer to create enterprise applications managed by Microsoft data centers without using own infrastructure (Hardware).

Working with Azure is so easy because of their added features like a virtual machine, Application platform and cost-effective. They use Infrastructure as a service, in which many business sectors use it has servers and other data centers.

WHY AZURE?

One skill that can significantly increase a candidate's chances of getting hired in the cloud computing domain is a certification in Microsoft Azure.

The opportunities for Microsoft Azure certified aspirants have drastically multiplied in recent years, owing to the growing demand:

As per reports from Microsoft, over 1,000 new customers sign up to Azure daily. That's 365,000 new companies adopting MS Azure every year!

MS Azure is being used by over 57% of Fortune 500 companies.

GLOBAL CERTIFICATION

This course prepares you for Microsoft Certified Azure Security Technologies (AZ-500) This Certification is accredited by Microsoft and exam is conducted by Pearson VUE. We are one of the authorized Pearson VUE Exam Centre in Chennai to offer Azure AZ-500 Certification.

Many will rightfully say that nothing beats experience, but certifications can help you stand out from other candidates and give you skills you wouldn't have learned otherwise to move your career forward.

If you have an area you'd like your career path to follow, earning a certification is a great way to fast track yourself. If you want to be a Cloud Security Professional, this Azure Security (AZ-500) Certification is a way to show prospective employers you have the initiative and ability to be one.
