# WHAT IS OKTA ?

**"A Journey of a Thousand Miles Begins with a secure identity."**

The most serious problem is the increase in identity theft. Even many businesses use cheap, home-use quality equipment for their company networks. With the poor security often found on small business networks, anyone with a basic knowledge of wireless can access sensitive company and customer data.

OKTA is a platform in the Identity-as-a-Service (IDaaS) category, which means that it gives you and your colleagues access to all other (company) software with one login. OKTA offers a cloud-based flexible directory (a system in which you can manage groups, applications, and devices) OKTA is trusted by 13,000+ customers to secure digital interactions and accelerate innovation

## OKTA Training Overview:

OKTA is a identity and access management solution for cloud based networks. We provide the best real-time IDM Course in Chennai with excellent lab facility. There's no better time than now to start or jumpstart your IT career to OKTA. Learn the most important step to starting or accelerating your Information Technology career.

the course will help you learn the terminology, latest trends, and best practices of the field and become industry-ready to help you qualify for a position as a high-quality OKTA professional. One to One training option available for OKTA Training in HB Services. In our OKTA training you will learn the functionalities and characteristics of OKTA. You will also learn how to use OKTA for access and identity management functions.

OKTA Identity Manager, OKTA Engineer, OKTA Admin, OKTA Support Specialist, OKTA Senior Consultant, Senior Support Engineer, Identity and Access Management, Access Management Analyst,

# OKTA CERTIFICATION PROGRAM

## Okta Certified Professional :

Okta Certified Professionals possess knowledge about secure identity management and mobility concepts. They have hands-on experience completing day-to-day operational tasks to support users of the Okta service. Professionals have familiarity with Okta technology and processes related to simple directory integration, single-sign on federation, and application provisioning aspects of User Life Cycle Management.

## Okta Certified Administrator:

Okta Certified Administrators are technically proficient at managing the Okta service. They have extensive knowledge about how Okta enables advanced User Lifecycle Management scenarios involving mobile devices, security policy frameworks, supported SSO options, and advanced directory integration for cloud and on-premise access. Administrators use the Okta Policy framework to control user access, understand how to map identity attributes and data transformations using Universal Directory, and troubleshoot issues

## Okta Certified Consultant

Okta Certified Consultants are technically proficient at implementing the Okta service in a variety of configurations. Consultants have experience integrating common applications, such as, Office 365, G Suite, Box, and Salesforce with Okta. They also have extensive knowledge and experience scoping and implementing complex Okta integrations involving multi-forest and multi-domain environments, advanced single sign-on (SSO), and inbound federation with Okta. Consultants have working knowledge of Okta APIs and custom configuration options

*HB Education earns the reputation of being a pioneer in IT Training and Certification in Chennai. We provide various IT Training Programs and Global Certifications to Students, Freshers and Techies.
